What are the key issues in FE? How does FE differ from other sectors of Education? What does the future hold for FE? This book offers a unique and provocative guide for all lecturers committed to providing the best education and training possible in the changing world of Further Education. The authors examine key issues such as: How teaching in FE differs from others sectors The motivations of learners; the use of new technologies in the classroom; the techniques adopted by college managers; the changing assessment methods; the introduction of personalised learning; and an analysis of the politics behind the training of lecturers. Written in an accessible style, every chapter presents a different and challenging approach to key issues in Further Education. "A Lecturer's Guide to Further Education" is essential reading for all new and experienced Further Education lecturers.
