"Knit One, Felt Too" offers a variety of felted knitting projects that are easy enough for beginners and interesting enough for experienced knitters, too. And the results are spectacular! You'll love these thick, luxurious mittens, hats, socks, slippers, bags, toys, and home accessories. In addition to featuring bright, fun colors and contemporary designs, these projects include dozens of ideas for embellishment using beads, embroidery, novelty yarns, felted balls, and needle felting. An experienced knitter and all-around crafter who has written more than 500 articles for craft magazines, Kathleen Taylor teaches you everything you need to know about felted knitting techniques. No matter which project you decide to tackle, success is guaranteed.
