isbn:9780970141620

Eurhythmics, a dynamic, active approach to teaching and learning music, was developed by Swiss musician Emile Jaques-Dalcroze. These complete, sequenced lessons give clear examples of the method in practice. Ideal for preschool and early

elementary music classes, the lessons include detailed procedures, stories for creative movement, songs with piano accompaniments, examples for piano improvisation, exercises in rhythmic movement, and supplementary worksheets.
