What's in the cards for beaders? An amazing new "deck" of jewelry projects! It's a convenient, attractive, and all-in-one kit that's unlike anything else out there. It features 25 enticing beaded jewelry designs and a 16-page how-to booklet of techniques. Best of all, instructions for each piece are printed on an easily portable

card making it easy to work anywhere, and all the cards are stored together in an adorable box. Of course, the projects are drop-dead gorgeous, ranging from a trio of colorful drop earrings to a pretty bead-and-pearl necklace to a multi-hued bracelet. With a wide range of styles, there's something for everybody to love-- and they're all quick to complete, too.
