Vocational Rehabilitation offers a practical introduction for healthcare practitioners to

this burgeoning field. The book provides an explanation of current UK practice as well as guidance on a range of relevant interventions for vocational rehabilitation services, focusing on therapeutic assessments and treatments. It is an invaluable source of best practice information for those currently providing return to work services as well as those intending to develop them.

Vocational Rehabilitation is structured over five sections, the first providing contextual information; followed by assessment strategies; action planning; interventions and services.
