Offers professional-level instruction in Web page design in a unique visual format, with most tasks demonstrated on self-contained two-page spreads. Key tasks covered include setting up a Web page, reducing image resolution, creating radio buttons, adding a hit counter, creating an inline frame, and adding an embedded sound. High-resolution screen shots accompanied by succinct explanations clearly illustrate

each task, while "Apply It" and "Extra" sidebars highlight useful tips Companion Web site features all the code that appears in the text-ready to plug into the user's Web pages
