著者:Pyron, Tim

出版者:Macmillan Computer Pub

出版时间:2004-2

装帧:Pap

isbn:9780789730725

This book provides readers with everything they need to make the most of Project 2003. Project 2003 helps users manage projects independently or as part of a large organization. Business professionals can gain access into their portfolio of projects,

and collaborate on the documents, issues and risks associated with those projects. Special Edition Using Office Project 2003 , covers both Standard and Enterprise Project Management versions and provides direct answers about how to put a project schedule together. It is organized to follow the project cycle of initializing and developing a plan, implementing the plan, tracking progress and adjusting to changes and unforeseen events, and preparing the final reports.
