The A+ Exam Cram2 is a study skill enhancement and tutorial, designed to focus on exactly what students need to get A+ certified, with coverage of exams 220-221 and 220-222. It details all the new exam objectives and items in the following areas: Windows 98, Windows 2000, Windows NT Version 4.0, and Linux baseline information. Because the A+ certification is a core competency of the MCSA program, this book is also helpful for those who are seeking their MCSA certification, considered the number one certification for 2002 in a ranking by certcities.com. The best-selling Exam Cram2

series is the smartest, most efficient way to become certified by focusing on exactly what readers need to get certified now. It features test-taking strategies, time-saving study tips, and a special Cram Sheet that includes tips, acronyms, and memory joggers that are not available anywhere else. ExamCram2 also features PrepLogicaA A Practice Tests!
