The perfect study companion for UNIX system professionals preparing for both Solaris 9 System Administrator exams (CX-310-014 and CX-310-015)! The book contains accurate and efficient coverage of the many new features of the Solaris 9 system. This book is not intended to teach new material. Instead it assumes that you have a solid foundation of knowledge but can use a refresher on important concepts as well as a guide to exam topics and objectives. This book focuses exactly on what you need to know to pass the exam - it features test-taking strategies, time-saving study tips, and a special Cram Sheet that includes tips, acronyms, and memory joggers not available anywhere else. It's supported online at several Web sites: examcram.com, informit.com, and cramsession.com. The accompanying CD features PrepLogic(t) Practice Tests, Preview Edition. This product includes one complete PrepLogic Practice Test with approximately the same number of questions found on the actual vendor exam. Each question contains full, detailed explanations of the correct and incorrect answers. The engine offers two study modes, Practice Test and Flash Review, full exam customization, and a detailed score report.
