During a typical days training, Kirt Kershaw - a certified Microsoft Office Specialist Master Instructor 2000 and XP - would review with his students the course's concepts

by writing down on the board: the term, a brief definition, and its executable shortcut. Dream Notes XP for Microsoft's Word XP, Excel XP, PowerPoint XP, Access XP, Outlook XP and including bonus notes Project XP are those shortcut notes students would take if they attended these classes themselves. Gone are the wasted expense and time of thumbing through thick books to get to a point or muddling through online web courses.
