出版时间:1994-12

装帧:HRD

isbn:9780412620904

This book reviews the state of the art in information technology in educational management (ITEM) with emphasis on research, approaches, methodologies, applications and tools. This IFIP (International Federation of Information Processing) Proceedings not only discusses the pedagogical and educational issues in ITEM but also covers the range of applications from class scheduling to financial support.
