Compelling narrative laced with first-person accounts from both American and Japanese survivors combines with dramatic archival images and a brief overview to paint a vivid portrait of what it was like to have witnessed, participated in, and lived through the surprise attack on Pearl Harbor that infamous morning of December 7, 1941. Historical photos set the scene. This landmark volume will provide young readers with valuable insights into both the Japanese and American points of view and demonstrate why people on both sides feel the need to remember Pearl Harbor.
