Inspired by traditional Japanese maku, elegant wooden boxes used for measuring rice or beans, the designs featured in this superb volume can be stylish, funky, lavish, and elegant depending on the materials you choose. "Fun with Folded Fabric Boxes" is

packed with ideas for making beautiful boxes from real fabric and paper using traditional origami techniques. They are perfect for storing small items, presenting gifts, or just looking great around the home. Funky or functional, lavish or spare, these folded fabric boxes are perfect for fat quarters or special papers and can be embellished for a wide range of effects.
