The human race has reached its darkest hour. In the seven years since the Affliction first appeared, billions have died. All the children born since the plague are a strange new race of animal-human hybrids.

One of the few remaining humans, a drifter named Jepperd, has formed a bond with one such child, a sweet deer-like boy called Gus. But even among the hybrid children, Gus is an anomaly, seemingly born before the sickness began.

Believing that Gus' s history might be the key to the plague' s origins, Jepperd and the boy will journey north together to Alaska in the hope that if they can uncover the story of his birth, it will lead them to a cure for the sickness.
