International teacher and designer, Barbara Chainey has developed a new cutting concept based on the fat quarters of fabrics so beloved by quilters everywhere. Her inspirational and easy-to-use plan is featured in 12 main projects, with a further 3

projects showing how the concept can be taken in different directions. Quiltmaking this way is stress-free with great results! Full step-by-step instructions for the projects plus a vast range of possibilities for blocks and block settings combine with practical information on choosing fabrics and colours to make an essential book for all quilters.
