Give your home that special feel of days gone by with this new volume of classic, traditional quilts. Use vintage or reproduction fabrics to create one of 18 beautiful, antique designs--old-time favorites like Colorado Quilt, Sunshine Aster, Bow Tie, and Mother's Handkerchiefs. Most designs are bed quilts, with bonus applications for table

runners, pillows, wall hangings, and more. All quilt designs feature inspiring color photography and step-by-step directions, while select designs utilize time-saving rotary-cutting and quick-piecing methods. Created for Leisure Arts by House of White Birches.
