Presenting a collection of clothing and accessories that men actually want to wear, THE KNITTING MAN(UAL) is a straight-up guide to knitting for men that female knitters will covet and male knitters won't be embarrassed to buy. Based on traditional styles and silhouettes interpreted with modern colors and construction, the 20+ patterns reflect author Kristin Spurkland's Scandinavian roots with a hint of vintage inspiration. Featuring step-by-step instructions, full-color how-to and project photographs, and

yarn resources, THE KNITTING MAN(UAL) is a knitting guide and idea book designed to finally give men the styles they've been wanting from the knitting craze.
