It's hard to find love when you're A) a dragon and B) charged to protect the Goblet of Eternal Youth but Theresa Nichols is fed up with celibacy so she makes a deal with Satan to shed her dragon exterior. Of course deals with the devil never come without strings...Zeke Siccardi is a recovering dragon slayer. Now a vegan dedicated to non-violent lifestyle he's the Otherworld's most renowned missing persons expert. His latest case: to track down Theresa Nichols and hand her a large inheritance. Theresa's first act as a human is to meet her online paramour - one Zeke Siccardi. Things get complicated when Zeke turns out to be a detective and the man Zeke thought he was working for isn't a long- lost relative of Theresa's but an Otherworld gangster! Then of course Satan comes to call in his favour: if Theresa doesn't hand over the Goblet immediately he'll turn her back into a dragon. As Zeke and Theresa work together, Zeke's dark slayer side begins to surface, despite the fact that Theresa's falling in love with him. What's a girl dragon to do?
