The Program Evaluation Kit is a practical guide to planning and conducting programme evaluations. Its nine volumes and more than 1,200 pages contain every technique necessary to evaluate any programme. This edition of the Kit is a major revision of the highly successful and influential First Edition, published in 1978. It reflects the substantial changes in the process of evaluating programmes that have taken place in the last decade. It will be invaluable to novice evaluators in a broad range of professions as well as a compact reference for the more experienced evaluator. Examples from education, management, health and social services are presented, making this edition of the Kit indispensable to evaluators in a multitude of settings.
