Brimming with active learning games and reproducible board games, this resource offers a wealth of materials that strengthen basic music concepts and reading skills. Through these games students have opportunities to practice identifying notes, rests, and other commonly used symbols as well as notes on the treble and bass clef staves.

In addition, students learn facts about famous composers with trivia games and identify familiar instruments through bingo games. The Big Book of Music Games is a time-saver for busy classroom teachers and music specialists who wish to create skill-based materials that engage children in fun learning experiences.
