著者:W. Richard Scott

出版者:SAGE Publications, Inc

出版时间:1994-4-8

装帧:Paperback

isbn:9780803956674

The institutional theory of organizations developed by Scott, Meyer and their colleagues over the past two decades has had an enormous impact on organizational theory and research. In this book, the editors review the major theoretical advances of the past decade and the empirical testing they have done on these theories. Their work has highlighted two key themes: the interrelationship between organizational complexity and the institutional environment; and the place of the individual within the organization.
