Specifically designed to meet the needs of high school students, REA's High School Biology Tutor presents hundreds of solved problems with step-by-step and detailed solutions. Almost any imaginable problem that might be assigned for homework or given on an exam is covered. Topics include life processes; principles of ecology; cell structure and function; genetics; a complete overview of the protista, fungi, plant, and animal kingdoms; and an in-depth section on human anatomy. Fully indexed for locating specific problems rapidly.
