装帧:Paperback

isbn:9780827383524

This practical, hands-on guide is required reading for early childhood professionals who work with children with special needs - from ECE professionals to parents. It includes information on the most common disabilities, including cerebral palsy, Down syndrome, autism, visual impairment, and behavior disorders, as well as strategies and activities to facilitate the children's participation in all components of the daily routine. It also shows how to adapt common early childhood activities for children of varying abilities to maximize their achievements. This is an invaluable resource to promote success in school for all children.
