In "The Brief and Frightening Reign of Phil," George Saunders offers his most boldly imaginative fiction yet. In a profoundly strange country called Inner Horner, large enough for only one resident at a time, citizens waiting to enter the country fall under the rule of the power-hungry and tyrannical Phil, setting off a chain of injustice and mass hysteria. An "Animal Farm" for the 21st century, this is an incendiary political satire of unprecedented imagination, spiky humor, and cautionary appreciation for the hysterical in everyone. Over six years in the writing, and brilliantly and beautifully packaged, this novella is Saunders' first stand-alone, book-length work--and his first book for adults in five years.

其实是好看的，但是我没看完。。。很小一本书，但越看越没新意。政治寓言还是得奥威尔。
