In Magic's Pawn, an ancient age in the history of Valdemar comes to life--an age when the kingdom was ravaged by the ungoverned fury of bandit warlords, ferocious ice dragons, and the wild magic of wizards. A new addition to Lackey's Valdemar kingdom--and her most powerful series to date!

1989年的小说还蛮先锋的～可是三部曲的第一部到一半真爱就死了
后面几本还能怎么写……
