An astounding literary debut that brings a beloved genre of the past roaring into the twenty-first century, "The Chinatown Death Cloud Peril" casts the rivalry between two of pulp fiction's most legendary writers into its own amazing saga, which bursts from the pages with blood, cruelty, fear, mystery, vengeance, courageous heroes, evil villains, dames in distress, secret identities and disguises, global schemes, hideous deaths, beautiful psychics, deadly superweapons, cliff-hanging escapes, and other outrageous pulp lies that are all completely true. "The Chinatown Death Cloud Peril" is a swashbuckling, breathtaking romantic epic of magic and love, marriage and fatherhood, ambition and loss, and writers who never forget their deadlines even when facing the end of the world. In its pages is a tale that deftly weaves the lives of its real-life characters into a lie of outrageous proportions that just may tell the truth, but is always thrillingly, unapologetically pulp.
