Take a look inside the lives and relationships of Crystal, Susan, Jewell, and Elsie. Their lives are laced with love, addiction, lust, and loyalty. Crystal must deal with a past she can't escape. Susan is in denial and needs to get real. Jewell is looking for a "good man." And Elsie is confused about her sexuality. When their problems explode, each woman is forced to confront her own set of issues. Their friendship is put to test numerous times and in ways that they never imagined. Together these four sisters take friendship to a new level that puts the realities of life's trials and tribulations into their proper perspective.
