Robin Pilcher, bestselling author of "An Ocean Apart" returns readers to contemporary Scotland, where the "simple" life has grown somewhat more complicated, but the shortest distance between lonely hearts will always be love... Sometimes The Hardest Thing In Life... Liz Dewhurst has witnessed quite a bit in her thirty-seven years: the birth of her son, the death of her mother, the waxing and waning days on the farm where she was raised... the sight of her husband in another woman's arms. Suddenly, she's feeling worn down and used up by the very lifestyle upon which she once thrived. Bitterness at her broken marriage has distanced her from her son, Alex-even as she's poured all her remaining energy into battling the development company that wants to purchase her family's land to build a golf course. ...Is To Live It Now Liz must confront a few things, including the fate of the farm, her feelings for her ex-husband, and a trip to Spain that rekindles a fire in her she had forgotten existed. The Liz who returns to Balmuir is a different woman. Now, in the wake of a near-tragedy, she must draw on her newfound strength to make a difficult choice. To look at her life in a different way, standing tall, and... Starting Over
