She thought witnessing the crucifixion of Christ would be historically educational, but

Jaleira (Girl) didn't realize how it would haunt her. Now, with the help of an old friend, she learns that she must travel to the Salem witch trials of 1692 to get her mind right. Travel with Girl as she visits her ancestors and find out where she gets her smokin' genes from. Then get a look at the current Dane gene pool as we finally meet la familia Dane, possibly the best looking family in the history of comics Of course, steaming sex throughout as only the Girl we know can pull off
