Dee Dee is as laid back, sassy, and cute as they come, but two overprotective brothers like Jay and Bee who have clout in the Memphis streets makes finding and building a relationship seriously hazardous to a brother's health. Things move fast for Jay and Bee after hooking up with a new connect, and both brothers see that their old lives will never be the same. All of the training that Jay was secretly putting Dee Dee through comes into play as Jay and Bee are locked up in the county jail for selling to an informant. The game is dominated by thugs until Dee Dee hits the scene. This action-packed, grimey street classic shows how Dee Dee gets it poppin' in the Memphis streets.
