Fledgling, Octavia Butler's first new novel in seven years, is the story of an apparently young, amnesiac girl whose alarmingly un-human needs and abilities lead her to a startling conclusion: she is in fact a genetically modified, 53-year-old vampire. Forced to discover what she can about her stolen former life, she must at the same time learn who wanted—and still wants—to destroy her and those she cares for, and how she can save herself. Fledgling is a captivating novel that tests the limits of "otherness" and questions what it means to be truly human.

不属于Butler的佳作，不过设定还是挺有意思。我猜最后Ina回到了女神妈妈的星球。Butler的人物就是各种宇宙移民爱好者。
