This second volume of our "Buffy" omnibus series collects many of the best "Buffy" comics to see print. As we follow the newly-chosen slayer from Los Angeles to Sunnydale and through her parents' divorce - with Dawn in tow - the souled vampire Angel makes his first appearance and the not-so-souled Spike and Drusilla cleave a bloody path towards the West Coast. This collection includes the critically acclaimed graphic novel "Ring of Fire" and the miniseries "A Stake to the Heart", and reflects the season one to season three timeline of the cult-hit TV series. This is a fitting companion to Joss Whedon's comics-based relaunch of the show.
