THE NIGHT AUTUMN Bradley died... ..she met the woman of her destiny: the fire-haired woman who sends Autumn back to her dying body and thereafter mysteriously haunts Autumn`s dreams. Getting by with sleight of hand and other quick-fingered magic tricks, Autumn has no memory of her life before the age of 17. In the years since only a medieval choral chant has stirred her memory. Life`s shadows reach for her. But she resists with the power that dances in her hands. URSULA COLUMBINE begins a journey... ..to join Kelly, the woman she loves. Leaving the protection of a powerful circle that has sheltered her all her life, she is immediately exposed and threatened by a hungry darkness that craves something only the naive Ursula can give. Weakened and afraid, she finds unfaltering strength in Kelly and other women who are compelled to awaken the power in Ursula that can save them all. But she also finds Autumn in her dreams. Dreams that promise passion but may also lead to oblivion. WHAT DARK FUTURE does the distant past hold? Dreams lead to nightmares. Autumn sees the faces of women she might know, women who have always stood by Ursula. But if her nightmares hold true, only she can save Ursula from the centuries-old darkness that made her a legend.
