What happens when you lose your body? Jim True knows. He has returned from an out-of-body experience to find he has been brutally murdered and his body mutilated. No one can see him, no one can hear him, no one, except his killer, knows he still exists. Freed from his body, True embarks on a quest to find his killer and discover why and how he has managed to survive. As he closes in on his murderer, True discovers that even the people he loved and trusted have betrayed him. He meets his killer, a strange and sinister figure who can also leave his body at will. An epic and deadly battle ensues between True and a seemingly unstoppable and hideous serial killer - a man now intent on even more murders, including True's wife and child.
