Cartfully selected Chinese words and phrases take you on a wondrous journey through Chinese history and through the lives and customs of its people. The meanings of 23 phrases(46 characters) are included in this beautifully illustrated book that explores the richness of the Chinese culture. Each phrase is introduced by a written image and an explanation of the spoken Mandarin language as well as a picture representing the

concept. Some of these Chinese words have been borrowed and shared by other people. You may be surprised to find a little trace of Chinese in you
