Share the adventures of a big, friendly bear as he roams through all sorts of crazy settings, discovering different shapes along his way. Look very closely and you too may be able to find squares, circles, triangles, zig-zags and even stars cleverly hidden in the pictures. With its vibrant art and jaunty, rhyming text, Bear in a Square offers a fun-filled and exciting way of helping small children to learn their shapes. It also gives plenty of counting practice!
