Delightful stories and quotes from notable turkey hunting enthusiasts begin each chapter of this volume, produced in conjunction with the National Wild Turkey

Federation. Stuffed full of turkey recipes for wild or domestic birds, regional Thanksgiving menus, and low-fat favorites, this cookbook offers up all the trimmings your table will allow. The book contains favorite recipes of NWTf members and their supporters, with special sections dedicated to Thanksgiving turkey leftovers and juicy, deep-fried whole turkeys. A portion of the proceeds benefits the National Wild Turkey Federation.
