The Good Sam Club’s one million members know the challenges of RV cooking. This handy cookbook compiles hundreds of the club’s favorite recipes, all of which are easily made in an RV kitchen. Featured are the savory dishes RVers love, but requiring just a few ingredients and minimal prep work; great on-the-grill recipes; and RV-friendly cooking and storage tips. Icons denote recipes that are heart-healthy or especially quick to prepare. Colorful photos, cheerful graphics, and amusing factoids make the book as enjoyable to read as it is to cook from.
