装帧:Pap

isbn:9781558673212

This unique book condenses a wealth of knowledge on salmon into a handy and accessible cookbook. As well as containing a wonderful collection of recipes for salmon hors d'oeuvres, entrees, and sauces. The Salmon Cookbook serves as a primer on cooking methods for salmon -- poaching, smoking, broiling, baking, and more. It also contains comprehensive, important information on salmon species, and on buying, handling and storing salmon.
