Every child is brave in his or her own way, and there are many different ways to be brave. With simple words and vivid illustrations that relate to children's everyday lives, You Are Brave lets very young children know that bravery is about all kinds of things: walking and running, meeting new people, climbing and jumping, trying new foods, and more. The superhero cover reinforces the message. A warm, affirming, important little book that helps children know they are precious and valuable.
