An interactive, narrative tone invites readers to walk through America's biomes in this exquisitely illustrated series by award-winning science author Rebecca L. Johnson. Vividly colored photographs bring readers face to face with animals and plants, while realistic line drawings create the sense of a nature hike in progress. Supports the national science education standards Unifying Concepts and Processes: Systems, Order, and Organization; Unifying Concepts and Processes: Form and Function; and Life Science as outlined by the National Academics of Science and endorsed by the

National Science Teachers Association.
