装帧:Pap

isbn:9781572552166

Developed in consultation with world experts and illustrated with photographs, diagrams, and drawings, these books are excellent models of nonfiction writing of

reports and explanations. Children's research skills will be extended as they read these titles full of interesting details about the animals. There are more insects in the world than all other species of animals put together. How have they managed to survive and thrive? Learn the answer, plus much, much more about these fascinating creatures.
