装帧:Pap

isbn:9780531070260

From Publishers Weekly In PW's words, "On the first five birthdays of one small girl, five different cakes are baked. Before her sixth birthday, she has learned to offer her parents gifts on their birthdays. A celebration of love, this book is as delicious as a 'chocolate face' and just as funny." Ages 3-6. Copyright 1991 Reed Business Information, Inc. From School Library Journal PreSchool-Grade 2 In this joyous celebration of family love, a little girl is told about each of her birthdays from the moment of her birth until she is six. Stevenson's illustrations begin with an uncluttered view of mother, father, and newborn baby. From then on, Rylant's understated text and Stevenson's double-page spreads show the three engaging in birthday activities. Both text and illustrations vividly capture the tears, trials, joys, and

jubilations of childhoodstar cakes, clown cakes, and robot cakes; flu, stomachaches, and frustrations. Stevenson's vibrant illustrations depict a loving home filled with the clutter of an active child. Many of the illustrations are framed like snapshots in a family album, and the candid shots perfectly capture the expressions of children at parties who don't want to share, faces smeared with chocolate, and tantrums. Family history and memories combine in this book that's a work of love, a true presentand one that should cause children to clammer for stories of their past birthdays. Trev Jones, "School Library Journal"Copyright 1987 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title. See all Editorial Reviews
