The Digital Teaching Portfolio Handbook offers comprehensive information on preparing a teaching portfolio for a Web site or CD-ROM. This practical text not only demonstrates the process for developing a digital teaching portfolio, it also provides

students with strategies and suggestions for creating an appealing package that is accessible to a diverse audience. The Digital Teaching Portfolio Handbook helps students understand the benefits of portfolios and how to use portfolios to enhance professional growth and success. This comprehensive guide is not only an essential learning tool but also a fabulous resource for students entering the teaching profession. When posted on the Web or burned on CD-ROM, digital portfolios provide easily accessible and professionally appealing representations of educators' work. But the process of producing a portfolio can be even more useful than the product. This text allows teachers to acquire skills while reflecting on their professional growth during development—displaying pedagogical knowledge by using technological skills.
