This is the only book that gives mums and dads actual brand-by-brand comparisons of real merchandise to help them choose the very best, safest and most comfortable baby items. Starting from pregnancy and going right up to a child's second birthday, it provides state-of-the-art information, along with tips on how to shop, pictures of the most popular brands and "Blue Ribbon Awards" winners in each category. All the choices are unbiased and based on a wide range of sources: the authors' own hands-on experiences; written reviews by nearly 1,000 parents and reports from the Consumer Product Safety Commission, the National Highway Traffic Safety Administration, the Insurance Institute for Highway Safety and other major child safety organizations and agencies - as well as the findings of medical studies and injury prevention centres.
