This important contribution to understanding the whole process of conducting child custody evaluation, based on the author's extensive experience, examines in detail the complex questions and issues involved. The many topics addressed include: interviewing parents and children; testifying in court; writing custody evaluations; assessing the capacity to parent; assessing the attachment of children to their parents; planning custody and parental access; children's adjustment to divorce; domestic violence, drug and alcohol abuse; mental illness; parental alienation; and on-going evaluation.
