Written by a recipient of a MacArthur award, gained for her pioneering work on the storytelling technique and its use in the classroom, this book focuses on the challenge posed by the isolated child to teachers and classmates alike in the community of the classroom. It is the story of Jason - the loner and outsider - and his ultimate triumph and homecoming into the society of his classmates. As the reader follows Jason's struggle, it can be seen how the classroom is a crucible within which the young discover themselves and learn to confront new problems in their daily experience. The book is an essay on the practice of teaching young children and the author uses children's stories as a vehicle of instruction.

this is the full English book,this book suitable for The kindergarten teacher

Pedagogy of fairness: 一个关于怪孩子、不说话的孩子、不合群孩子的故事（Jason the helicopter boy），一个关于如何在老师和孩子，孩子和孩子之间建立连接的故事。非常强大、有启发、令人感动。"In this evolving classroom drama every revelation is necessary and equally important, for our goal is more than fantasy [story]. It is fairness. ... Every child enters the classroom in a vehicle propelled by that child alone."

书评

薇薇安·嘉辛·佩利的书怎么会乏味呢？里面充满了孩子们各种异想天开的对话，又随时有佩利对教学的随想可以读。你甚至可以假装自己就是这个坐在书案前的老太太，一边听着写着前一天录下的课堂录音，一边记下自己脑里闪现的各种想法。
