For courses in Early Childhood Curriculum covering ages 3-8. This applied guide to planning and implementing curriculum across the content areas provides students with a depth of background knowledge not usually seen in a text containing practical,

highlighted strategies, unit and lesson plans, suggested activities, recipes, and more. Core chapters include coverage of social studies, language development, literacy development, science, problem-solving and math, music and movement, creativity, art, and dramatic activities. Key changes to this edition include separated chapters on Language Development and Literacy Development, new tables linking learning activities with specific content area standards, streamlined content throughout, and new Web sites.
