Sherri Hunter, author of the best-selling *Creating with Concrete*, proves once again that concrete isn't just for sidewalks anymore; it's perfect for the garden too. A selection of 30 beautiful designs suggests the range of this increasingly popular material, and the illustrated instructions make the craft's fundamentals easy to learn. Because the simplest projects come first, beginners can work their way through the book progressively, building on their skills. Novices will have fun making the carved trough, sandcast bowl, and elegant relief panel. More sophisticated projects, including a decorative walkway and polished table, come next, and they'll bring charm to any

outdoor space. More adventurous artists can unleash their creativity on a "Garden Guardian" sculpture or water feature. A Selection of the Crafters Choice and Homestyle Book Clubs.
