What better way to welcome a newborn into this world than with a soft baby blanket stitched from the heart? This is the third "Knitting on the Go" volume devoted to this favorite, easy, and portable project, and the first to focus on only crocheted blankets. It features more than twenty designs in a range of styles to suit every skill level, purpose,

and occasion, including a bold granny square blanket worked in bright pinks, oranges and purples, and a more traditional pastel pink-and-white design with soothing stripes and embellished flowers. A playful rubber ducky checkerboard is certain to become baby's most beloved blankie, while families will surely pass the gorgeous cashmere heirloom coverlet from generation to generation.
